## DEFEAT MISHAWAKA 15,220

Fire Chief Buysse is Hero of Game and Retains Title of Champion.

Population is Increased by 203 New Families and 104 New Homes Built.

According to a report received at the local postoffice from the department of commerce at Washington, Mishawaka's population on July 1, 1915, was 15,220. From an official count made by the local mail carriers at the beginning of the present year, the city has been increased by 203 new families, distributed over the territories covered by the postal service during 1915. The report of the local office also shows that 104 new houses were built during the year.

From the above figures it is estimated that Mishawaka has now a population in excess of 16,000, while Goshen is given 8,884, and Laporte 12,832. Notwithstanding this, however, these two latter cities have a far superior train service, and all efforts by the manufacturers and merchants in the past to have this condition remedied, have failed.

### ISSUE INVITATIONS FOR HOUSE WARMING

The Miami Country club has issued invitations to the members and their families to an old fashioned house warming and donation party, to be held at the club house, Monday night, May 1, at 8 o'clock. The invitation is quite original. Among other things it says: "Come out with your family and bring something for a club shower. Anything for the kitchen will be acceptable, and the kitchen needs everything—pots, pans, kettles, dish rags, kitchen towels, bath towels, knives, forks, spoons, brooms, mops, etc. Bachelors can bring a load of wood or coal; porch swings, kitchen cabinets, razors, hoes, jitney buses, sleeping porches, or anything handy they care to supply."

The fountain will be one of the finest of its kind in the city, being of white Italian marble and sterling silver.
